

## Roll Masking

GENERAL	
Part Number	RM-2AP-45-.50"-.125"-112'
Name	Roll Shadow Masking (RM)
Description	Masking material that generates a .25" taper in the coating applied.
MATERIAL INFORMATION	
Material Type	Skinless, cross-linked polyethylene foam
Material Weight	2 lbs per cubic foot
Material Additives	Free of anti-static and anti-microbial additives
Adhesive	40 oz high-tack, repositionable, no transfer
DIMENSIONS	
Shadow Angle Profile Type	2 angles parallel (2AP)
Degree of the Shadow Angle	45 degrees
Width of the Adhesive	.50 inches
Thickness of the Foam	.125 inches
Length of Foam Strip Mask	112.5 ft (3 coils @37.5 ft each)
Profile of Coating Taper	0 to full thickness over a .25" length
Number of Masking Layers	1
PACKAGING	
Dimensions	• 3" ID Cores (12" OD 2.05" thick per pack/bag)
